Amidst the towering walls of the Dolomites, a unique opportunity is waiting to take shape: a building area, of more than 210 square meters of endless possibilities, is ready to welcome your dream of a mountain home.

This place is steeped in history, where an old barn has given way to allow you to create your version of a rustic mountain home. Wood, a witness to the past, will blend harmoniously with modern comfort, giving you a one-of-a-kind retreat.

The atmosphere of Tos di Alleghe is unique, an escape from the hustle and bustle of daily life. Here, tranquility reigns supreme, and the panorama over the northwest of Mount Civetta is a living painting.

The price is an invitation to realize your dreams without compromising your budget. This is not just a building area, but an opportunity to shape your dream: a single house in the heart of the Dolomites.

Imagine waking up every day surrounded by this beauty, breathing in the fresh air, and feeling the tranquility embrace you in the house you have created according to your taste and without compromise.
